Help the Stomach Digest Your Food

When the stomach falls to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and rofuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

causing distress and often serious illness.

Most people naturally object to the drastic cathartic and purgative assents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe of cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and ciderly persons. For a free trial bottle write to Dr. W. B. started within a lew wears will commence in about 90 days.

Plaus Examined.

At the sugrestion of Prof. R. J. Tighe several changes were made in the plans and the board was favorably impressed with them. Upon motion of Robert Holliday the plans were referred to Prof. Tighe and J. E. Morgan, president of the board of education, with power to act and suggest any changes that they may think advisable.

Two contracts will be awarded. The first hid will be for the erection of the walls of the high school building. When the shell is completed another bond issue will be voted for sufficient money to complete the buildings and bids will then be advertised for the completion of the structure.

Will Cost \$500,000.

The board now has about \$175,900 with which to start the work, but it will take \$325,000 more to complete the building, according to the plans. It was estimated Monday evening that the plumbing and heating alone would cost about \$55,900 for the new school.

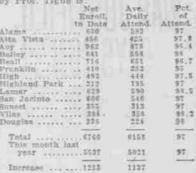

The board of education decided that the Alta Vista school building should be completed as soon as possible. The cast, to complete this structure, will be approximately \$60,000 and this sum will be included in the school bond lasse to be submitted to the voters. Two new rooms are to be built to the Ady school at once to accommodate the overflow of pupils.

Wednesday is Heliday.

Upon motion of the president, James E. Morgan, Wednesday was set seide as a holiday for the school children. The pupils will have the entire day to be believed "Pioneers Day." The day after Thanksgiving, usually a holiday, will not be made a holiday his year.

Lieut Martin C. Schallenberger, 16th infantry, was in attendance at the meeting and discussed plans with the meeting and discussed plans with the members of the board for starting a military drill for the students of the high school. Drill will be held Monday and Friday afternoons. These drills will be held under the direction of Lieut, Schallenberger.
